2022 TECHNOLOGY & INNOVATION SUMMIT

RENEW. RETHINK. LET'S DO THIS!

15-Minute Talks to Provide Information, Insight, and Inspiration!

Innovation is the practical implementation of ideas that result in introducing new goods or services or improving in offering goods or services. Innovation often occurs through the development of more-effective products, processes, services, technologies, artworks, or business models that innovators make available to markets, governments, and society.

Register Today for our October 28 Technology & Innovation Summit to hear from today's leaders on innovation and what inspires them to pursue change and improvement. Each fifteen-minute talk will provide information, insight, and inspiration. Be inspired!
