

Deaf, Hard of Hearing, DeafBlind Listening Sessions

The Office of Developmental Programs (ODP) is interested in gathering feedback and information from the Deaf Disabled community about an ASL-English Interpreter service. ODP is considering interpreting as a possible service in the waiver programs for individuals with intellectual disabilities or autism.

Your feedback will give ODP a better understanding of the needs of the Deaf Disabled community here in Pennsylvania.

ODP is hosting sessions to gather feedback.

All sessions will be conducted in American Sign Language.
